Federal Judge Faces Some Serious Charges IN WOMEN'S ELECTION

Charles Swayne, Resident of Delaware, Recommended for Impeachment by House Committee on the Judiciary.

of Judge Charles Swayne, of the North-ern district of Florida.

Representative Palmer of Pennsylvania today filed in the House the majority report of the Committee on the Judiciary in favor of the impeachment of Judge Charles Swayne, of the Northern district of Florida.

The report sustains five of the specific charges made against the jurist by the Legislature of Florida, which were included in the resolution of impeachment presented in the House last December by Representative Lamar of that State. The first charge sustained against Judge Swayne is that of non-residence. The statute provides that a Federal judge must reside in the district over which he presides. The report states that according to the testimony adduced and according to the testimony adduced and according to the admissions of Judge Swayne he had nothing more than a "boarding house residence" in the district prior to the time the Legislature passed a resolution of censure. It is stated that soon after the death of the Rev. Robert Johnson, former pastor of the Metropolitan Baptist Church, who died December 18 last, the "Rev." Drew was permitted to officiate as pastor of the church for a period of one month. He then, it is alleged, took steps to have himself chosen as permanent pastor.

Attack His Character.

The complainants say the "Rev." Drew is not a fit person to be pastor of the church, a man devoid of character, and is a renegade from city to city. Because of a disturbance he created in St., Paul's Baptist Church, Boston, Mass., it is said he was knocked down and dragged out of the church into the street and beaten.
